

A TOWN BURNING UP
AND HELP SENT FORCAMBRIDGE, OHIO, MEETS WITH
A HEAVY LOSS.

Blaze Broke Out Early This Morning and at Three O'clock Was Spreading in Spite of the Firemen—Aid Is Called For—Riding School Burns.

Cambridge, O., Oct. 2.—Cambridge is being tried by fire today. The blaze broke out early this morning and swept all before it. Some of the buildings destroyed are:

The Cosgrove block.
The Taylor building.
The Berwick hotel.
Davis' livery stable.

Others have also burned, and the fire at 3 o'clock this afternoon was still spreading. Help has been asked for from the surrounding towns. The loss may reach half a million dollars.

Brooklyn, Oct. 2.—The big Gormully & Jeffry bicycle riding school burned this morning, and the loss will be \$50,000.

Woodville, Miss., Oct. 2.—The Edward McGee school for girls, one of the finest institutions in the south, was destroyed by fire last night. The inmates of the building were awakened by the smoke, and when they attempted to get out a panic ensued. Escape through the halls of the institution was impossible, and several of the young women who attempted to dash down through the blinding smoke that filled the corridors were overcome, and but for the speedy arrival of help would have suffocated. As it was many of the scholars were seriously affected by inhaling the smoke. It is believed that no lives were lost, but owing to the scattering of the pupils among the residents of the town it has not yet been possible to check them up and ascertain if any were lost.

VENZUELAN CLAIMS IGNORED

They Will Not Allow to Warp the Judgment of Authorities

Washington, Oct. 2.—Contrary to general belief the claims of American concessionaires to certain mineral and timber rights in disputed Venezuelan territory are cutting no figure whatever in negotiations between the United States and Great Britain looking toward a settlement of the Venezuelan boundary question. This matter may be introduced into the controversy later on, but up to the present moment it has not even been mentioned officially at the state department. The scheme is purely speculative and it is a part of the play of the concessionaires to make as much of a stir as possible so as to impress the Venezuelan government with the belief that they are having something to do with the shaping of negotiations. Then, if the Venezuelan government wins its contention the speculators can go to the front with a bold face and get away with property worth a great many million dollars. If the Venezuelans lose the speculators are no worse off than they were in the beginning. They will have spent a little money and time and been to the trouble of talking a great deal, but conversation is their long suit, and unlimited indulgence therein is no embarrassment to them.

MASONS AT CHICAGO.

Illinois Grand Lodge Commences Its Session in That City.

Chicago, Oct. 2.—In Central Music Hall yesterday the Most Worshipful Grand Lodge of Ancient Free and Accepted Masons of Illinois began its annual communication. There were fully 1,000 delegates in attendance. All parts of the state were represented by many of its leading men. When all the delegates had taken their places Grand Master Leroy A. Goddard proceeded to deliver his annual address. In the course of it he referred at length to the condition of the craft in Illinois and the gratifying evidence of growth and prosperity. He spoke tenderly and eloquently of those who had died during the year in this and foreign jurisdictions. He then outlined the material growth of the craft and sketched the prominent incidents in the official works of the grand lodge since the last communication. Six lodges had been given charters during the year and dispensations had been given to five other lodges, which will ask for charters during this communication. "Five schools for instruction in masonry were held during the year, with an average attendance of 300 in each," he continued.

EPISCOPALIAN GATHER.

Great Council of the Church Opens at Minneapolis.

Minneapolis, Oct. 2.—There are outward and visible signs of the approaching opening of the great council of the Protestant Episcopal Church in the United States in the delegations that are pouring in on the arrival of every train, and the number of men in clerical garb to be seen on the principal thoroughfares. The formal organization of the houses of bishops and deputies to-day will be preceded by an imposing service at Gethsemane church, admission to which will be by ticket. Talks with the delegates already indicate that there will be a stubborn contest over the report of the committee on revision of constitution and canons, and it will not be surprising if the principal recommendations are considerably modified, even if some of them are not absolutely rejected.

LEGISLATURE MEETS.

Texas Solons Listen to Gov. Culberson's Message.

Austin, Tex., Oct. 2.—The Texas legislature met yesterday, with a quorum present. The governor in his message reviews the laws against prize fighting in Texas, calling attention to the errors therein, and closes by saying:

"All persons have been given notice that the Corbett-Fitzsimmons exhibition would not be permitted; that whatever has been done by its projectors was with full responsibility for the consequences. The public interests require that this exhibition especially should be suppressed. Discouraged by Mexico and territories, outlawed and driven from every state, it is proposed to assemble a horde of ruffians and gamblers and offer this state this commanding insult to public decency. Against it the instincts and pride of the people revolt, and your prompt and resolute action will spare this ignominy and shame."

He recommends a law making prize fighting without gloves a felony. There is a strong lobby here from Dallas, and the leaders claim to have votes enough in the house to defeat the emergency clause. There are only three senators opposed to the emergency clause.

Northern Illinois Normal School.

DeKalb, Ill., Oct. 2.—DeKalb entertained more guests yesterday than ever before in her history. The whole county assisted in entertaining and every person took an interest in the success of the ceremonies attending the laying of the corner stone at the Northern Illinois Normal school. Gov. Altgeld and staff, many of the state officials and over one hundred of the members of the Illinois state legislature were present. Nearly every educational institution in the state was represented. The corner-stone laying ceremony was under the charge of the grand marshal and the grand lodge of masons of the state of Illinois, and was witnessed by several thousand persons. The site of the normal school is one mile west of the city of DeKalb in a corn field, which was donated to the school by the Hon. Joseph Glidden.

May Fight in Indian Territory.

Washington, Oct. 2.—Secretary Smith was asked yesterday if he would take any steps to prevent the Corbett-Fitzsimmons fight taking place in Indian territory, and replied that if an attempt was made to have the fight take place upon any reservation which is directly under the control of the interior department and not set apart as a separate government he would certainly prevent it. He knew of nothing, he said, that would give the department authority to prevent the fight upon lands controlled by the five civilized tribes if the Indians consent. If the Indians of the five civilized tribes, or any nation of them, should call upon the department to prevent the fight, saying that the Indians as a nation objected to it, then the department would prevent it.

For Schweinfurth's Trial.

Rockford, Ill., Oct. 2.—Judge Cartwright, of the Appellate Court, will preside at the October term of the Circuit Court which opens in this city next Monday. The most important case on the docket is that against George Jacob Schweinfurth, who will face several indictments. It is understood that his attorneys will demand an immediate trial and the case is likely to occupy a week or more. State's Attorney Frost has been in Chicago for the past few days looking up important witnesses who will be brought to Rockford.

After Christian Scientists.

Indianapolis, Ind., Oct. 2.—The coroner of this county announced yesterday that he will ask the grand jury to investigate cases in which children whose parents believe in the doctrine of Christian science have died for the want of medical attention. Recently there has been an epidemic of diphtheria in west Indianapolis, where there is a colony of Christian scientists. Several children who were subjected to the "faith cure" have died.

Big Woolen Mill to Close.

Woonsocket, R. I., Oct. 2.—It is said the Privilege woolen mill of the Harris Woolen company will shut down within a few weeks and the entire property will be offered for sale unless business improves immediately. The concern employs 500 hands, and is now running half of its machinery. The property is valued at about \$500,000.

Julian Denies a Rumor.

Corpus Christi, Tex., Oct. 2.—A telegram was received here yesterday from Cincinnati stating that Corbett and party had made the assertion that Fitzsimmons had offered to divide the purse. Martin Julian denounced the assertion in the strongest terms.

Sault Ste. Marie, Mich., Oct. 2.—The crew of the schooner Elma, except one man who was washed away by the sea before the vessel was abandoned, was found by lighthouse keepers in a ledge of the Pictured rocks, seventy-five feet above the water, early yesterday morning.

He was brevetted brigadier-general on March 13, 1865 for gallant service at the siege of Knoxville; at the capture of Atlanta; at the capture of Savannah and in the campaign terminating in the surrender of General J. E. Johnston. He graduated from West Point in 1852 and was commissioned a colonel of engineers in 1888.

NOT YET APPOINTED.

Order Giving Gen. Miles Command of the Army Not Issued.

Washington, Oct. 2.—The order assigning General Miles to the command of the army is still withheld for some reason that cannot be divined. Secretary Lamont refuses any information on the subject. Army headquarters was deserted yesterday, and workmen began the preparation of the rooms formerly occupied by Lieutenant General Schofield for their new tenant. General Schofield, who is supposed to be slated for the command of the post department of General Miles, was in consultation with Secretary Lamont for some time yesterday. Friends of General Nelson Miles credit him with an ambition to improve the organization of the army after the German standard. He will have six years before him in which to accomplish the important military reform which he is said to have in contemplation.

Indiana Bank Cashier in Trouble.

Evansville, Ind., Oct. 2.—It develops that Albert E. Wade, assistant cashier of the National bank at Mount Vernon, Ind., is an alleged defaulter and a fugitive. As far as known his shortage exceeds \$30,000. Monday President Williams, of the bank, noticed that some of Wade's accounts were not balanced and called his attention to the matter. Wade said he would straighten up the books. During the day he disappeared and came to Evansville by rail. His absence called for an investigation, and by night a shortage in the amount named was reported to have been discovered. Wade comes of a prominent Posey county family, and leaves a wife behind. The bank is protected by bonds.

Illinois W. C. T. U.

Quincy, Ill., Oct. 2.—The annual convention of the Woman's Christian Temperance Union of Illinois began yesterday with about 200 delegates present. Two hundred more will arrive. There was a reception to the delegates by the Women's Council at the residence of Mrs. E. F. Bradford. Last night N. G. Hubbard lectured to the convention on "The Supremacy of Thought," and a concert also was given. The real business of the convention begins today.

Jefferson City, Mo., Oct. 2.—The Bank of Monett and the Bank of Purdy, both Barry county institutions, have been closed by Secretary of State Leveque, upon notification of the state bank examiner of their insolvent condition. They are in the hands of receivers. This makes thirteen banks closed by the secretary of state since the execution of the new bank examination law began, on the 1st of July, besides some half dozen others that anticipated the examination by making assignments.

METHODISTS BAR THE WOMEN

Surprise Sprung at the Session of the Rock River Conference at Elgin

Elgin, Ill., Oct. 2.—Yesterday the Rock River District Methodist Conference to the great surprise of believers in woman's cause, voted down a resolution to admit women delegates to the general conference of the church. As the Rock River, because it includes delegates from Chicago, is the most progressive and cosmopolitan in Illinois, women had counted upon certain victory, and believed it would have great weight in their favor before the general conference.

When the committees on the church extension society, memoirs and Epworth League had submitted their reports Rev. F. F. Farmiloe of Winnebago Street Church, Rockford, read his report as statistical secretary as follows:

Protagonists in the conference, 3,284; full members, 46,785, an increase of 1,878; active preachers, 223; children baptized, 1,119; adults baptized, 1,137; Sunday schools, 402; officers and teachers, 7,106; scholars, 59,370; deaths, 465; churches, 3 value of church property, \$4,168,830; organs, 174; value of parsonages, \$4,260, an increase of \$8,850; expended for church and parsonage building, \$140,404, a decrease of \$26,965; paid on old indebtedness, \$33,506; present indebtedness on church property, \$278,925; Woman's Foreign Missionary Society, \$13,832; Woman's Home Missionary Society, \$9,962, a decrease of \$4,481; conference claimants, \$8,792, a decrease of \$1,096; general conference expenses, \$10,238; other collections, \$44,178; presiding elders' receipts, \$14,984; Bishops' receipts, \$2,568; preachers' receipts, including house rent, \$287,389; and general missionary collections, \$33,000.

The report on conference stewards, signed by Dr. C. E. Mandeville, chairman, and Dr. E. C. Arnold, secretary, gave rise to a spirited debate on the Hamilton plan, which provides that for retired preachers a pro rata apportionment of \$10 be made for each year of service, and that the wives of deceased ministers be given \$5 for each year of their husbands' service. The fund for this disbursement is called the "annuity fund." In addition to this there exists a "necessitous fund," for specifically needy cases. Rev. E. D. Hull and others talked vigorously in favor of returning to the original system. Dr. Luke Hitchcock believed the Hamilton plan would ultimately fall of its own weight but thought, as did the conference, as expressed by a practically unanimous vote, that there should be a thorough trial of the plan before abandoning it. The appointments were announced last night.

PUBLIC DEBT STATEMENT.

Increase in the Treasury for the Month of September.

Washington, Oct. 2.—The monthly statement of the public debt issued by the treasury department yesterday shows the public debt on Sept. 30, less cash in the treasury, to have been \$941,089,636, an increase for the month of \$1,834,687. The debt is recapitulated as follows: Interest-bearing debt, \$747,360,820; debt on which interest has ceased since maturity, \$1,685,660; debt bearing no interest, \$377,448,519. This makes an aggregate of \$1,126,494,999, exclusive of \$600,227,693 in certificates and treasury notes offset by an equal amount of cash in the treasury. During the last three years the net increase in the debt has been \$106,467,390, and during the same time the increase in the interest-bearing debt has been \$162,329,650. Since June 30, 1892, the net expenditures of the government have exceeded the receipts by \$120,151,467.

Germans Are Indignant.

New York, Oct. 2.—Johann Czech is to be hanged Thursday in the Hudson county (New Jersey) jail. Germans living in Jersey City assert they are not getting justice in Hudson county, and that the Irish people hold control. Though there have been a number of men of Irish extraction sentenced to death for murder, they always have escaped through some loophole, while several Germans have been hanged. Now that Czech, who is of German blood, is to pay the penalty, the subject has caused a small race war, and any number of fights have occurred.

European Sugar Crop Shaky.

London, Oct. 2.—It is predicted by an eminent authority, Giesecker, that the European sugar crop will be 1,200,000 tons short of the average.

SPANISH LOSE ANOTHER WAR SHIP

The Cristobal Colon Driven on the Rocks During a Storm

Havana, Oct. 2.—Following close upon the loss of the Spanish cruiser Barcastegui comes the news of the wreck and probable total loss of the Spanish war ship Cristobal Colon, a second-class cruiser of about 1,600 tons' displacement and 1,600 horse power. The cruiser carried four twelve-centimeter Hontoria guns, two seven-centimeter guns and two rapid-fire guns. Her crew is estimated to have numbered 200 officers and men, but the exact figures are not known here at present, as she had on board men intended for the smaller patrol vessels of the Spanish fleet and may have detailed men ashore. The disaster occurred off Colorado Point, in the Gulf of Guadiana, south of the town of Mantua, in the province of Pinar del Rio, near which territory Havana is situated.

For some days past a cyclonic disturbance has prevailed over these latitudes and is understood to have occurred in the central part of the Gulf of Mexico and was looked upon as likely to enter the United States through New Orleans and Appalachicola. The Cristobal Colon appears to have encountered the severe weather off Cape Antonio and to have put into the Gulf of Guadiana for shelter. There she tried to ride out the fierce gale and heavy seas, but was slowly driven toward Colorado Point, off which jutting there is a dangerous reef known as the Colorado reef. When the commander of the cruiser saw that he could not make headway against the storm, he attempted to anchor, according to the stories told here, but the anchors would not hold and the cruiser was driven ashore.

Another report has it that the Cristobal Colon ran on the reef at night time when her commander believed her to be far enough off shore to continue steaming against the force of the cyclone. In any case, she ran ashore late Monday night or early yesterday morning in a most dangerous position and with a heavy sea running.

Everything possible seems to have been done to save the cruiser, but all efforts in that direction were useless and she was finally abandoned, a helpless wreck, pounding herself slowly to pieces on the Colorado reef. Some of the crew swam ashore, others reached land by means of pieces of wreckage and in the boats, but all the crew, officers and men, were saved by one means or another.

When questioned regarding the disaster the Spanish captain would only say that the Cristobal Colon was driven ashore on the Colorado reef owing to the violence of the cyclone, and it is probable that she will prove a total loss. Efforts, however, will be made to save her guns.

The wreck of the fine warship so soon after the sinking of the Barcastegui has cast a feeling of intense gloom over the government officials here. There are none too many Spanish vessels in these waters at present, and the loss of the Cristobal Colon will be keenly felt by the government at this crisis. Of course, the friends of the insurgents are circulating the usual sensational stories regarding this, the latest disaster to the Spanish government, claiming that the cruiser was sunk by a torpedo exploded by insurgents.

In official circles, however, this report is classed as being "nothing more than an invention of the rebels," and the distinct statement is made that there is absolutely no reason for doubting the official announcement that the Cristobal Colon was driven on the Colorado reef by the violence of the cyclone and not as a result of the explosion of an insurgent torpedo.

In spite of the official assertion, there is no doubt that the government has not thought it proper to make public all the facts in the case, and this may not be done until the official report of the commander of the wrecked cruiser has been received and passed upon.

SPAIN MUST GIVE IN.

Correspondent of the London Times Gives His Views.

London, Oct. 2.—In the course of a long letter from Havana, published in the Times, the correspondent says the longer he stays in Cuba and the more he sees of the Cubans the stronger he becomes his convictions that a large measure of autonomy is necessary if Spain wishes to preserve Cuba in a peaceful state. He proceeds: "The whole feeling of the people is against the continuance of the existing system. Spain must therefore look the situation in the face and grant radical reforms. It seems impossible to me, however, that Cuba as an independent republic could ever hope to be happy and united. The most vital point at which the authorities can strike the insurgents is in the supplies of war material. The insurgents cannot even maintain their numbers in the field unless munitions are forthcoming. If Spain can prevent the landing of expeditions a severe blow will be dealt to the prospects of the revolution."

Want a Pardon for Redwine.

Columbus, Ohio, Oct. 2.—Prison Physician W. T. Rowles, at the request of the government authorities, made an examination yesterday of Lewis Redwine, the Atlanta ex-banker, and former member of the Gate City's 400. Redwine has had several hemorrhages recently.

BOODLE INVESTIGATION.

Springfield Grand Jury Makes Little Headway in the Case.

Springfield, Ill., Oct. 2.—The grand jury took up the legislative corruption investigation yesterday and examined Representatives White of McLean and Sharrock of Christian county, A. A. Hollingsworth of Browning and Frank W. Track and George S. Connolly of this city. Mr. White gave the name of a member who had told him that a corrupt proposition was made to him during the session, and Mr. Sharrock told of an interview with Representative Pickrell, in which the latter said a senator had offered him \$100 to "lay down" on the express bill. Mr. Tracy, who is president of the First National Bank here, was questioned in regard to certain checks passing through his bank, which were alleged to have been sent to legislators by people interested in legislation. Nothing regarding the nature of his testimony could be learned.

Arrested for Train Robbery.

Grand Rapids, Mich., Oct. 2.—James Brown and Victor Taylor, farmers, living in Isabella county, have been arrested and are now on their way to the Allegan jail, charged with complicity in the hold-up of the Chicago & West Michigan train near Fennville, on August 20. Engineer Zibbell is said to have identified both men. Taylor is also believed to have been with Smalley, another of the gang, when the latter shot Detective Powers, while resisting arrest and who was afterward killed by officers.

Massillon Miners Walk Out.

Columbus, O., Oct. 2.—A special says 2,000 Massillon miners have stopped work. They want 60 cents, and operators want to pay 60, but the two disagree as to the plan of fixing the rate. These miners are disposed to leave the United Mine Workers of America, who are in a happy touch as to prices with operators in four states, and the latter are not in sympathy with the Massillon men's step.

Alleged Absconder Arrested.

St. Louis, Mo., Oct. 2.—Arthur J. Goodwin, recently agent at Cripple Creek, Col., for the Continental Oil Company of Denver, has been arrested in this city on a charge of embezzlement at the request of the chief of police of Colorado Springs. After Crude Oil Only.

Los Angeles, Cal., Oct. 2.—James C. Harvey, the local agent of the Standard Oil Company, was interviewed in regard to the rumor that his principals were about to descend on Los Angeles and gobble up everything in the oil line in this section. The Standard Oil Company will not control anything here. It will be a bidder for crude oil and the latter will bring more nearly what it is worth than it does now.

Famous Moonshine Still Captured.

Mount Sterling, Ky., Oct. 2.—The moonshine outfit once owned by Thomas Blair, one of the most prolific in Kentucky, was captured yesterday by revenue officers and the worm is now in the city. It is estimated that the still has cost the government over \$5,000 in its attempt to break it up. Thomas Blair was hanged here by a mob Jan. 1 last because he was charged with having killed Captain Brewer. It was the most sensational tragedy in the history of the mountains.

Cholera Still Raging.

San Francisco, Cal., Oct. 2.—The steamer City of Peking arrived yesterday from China and Japan and went immediately into quarantine. The Peking is twenty days out from Yokohama. When she left that port cholera was raging there. It is feared the disease will linger until late in the winter. In northern Japan there has been little change in the status of the disease. About the same number of deaths occurred daily, and there are no signs of the plague abating.

Hinshaw Verdict Near at Hand.

Danville, Ind., Oct. 2.—Henry M. Spaan of Indianapolis put in the full day yesterday arguing the Hinshaw case. Mr. Spaan greatly strengthened the case for the state and conservative people say the largest crowd ever in the court here was there yesterday. The defendant is growing weaker. There is much speculation as to the verdict but perhaps the setting of another sun may determine one way or the other.

Nineteen lady friends helped Mrs. E. M. Hyzer celebrate her tin wedding last evening at her home, on Park place. EVANSVILLE TO PLAY DUBUQUES

Farewell Game Has Been Arranged For Saturday of This Week.

The Evansville base ball team had packed away their well assorted collection of laurels, and had settled down for a well earned rest, but a chance came to play another farewell game and with no less a club than the celebrated Dubuques. Like the sound of trumpet to the battle horse came the tidings. Instantly every member was on the alert, and a game was promptly arranged for Saturday, October 5. The Evansville battery will be Runkell and Cal. Broughton. Newman, the star-fielder of Detroit, will also play with Evansville.

WILD WEST EXHIBITION GIVEN

Four-Year Old Colt Raises Ned on Prospect Avenue.

As E. V. Whigam and Charles Carpenter were driving along Prospect avenue, with a four-year old colt, a dog rushed out from the residence of J. H. Burns and the fun began. The animal belonged to George Howland, and being somewhat playful, he "let fly" both hind legs and away went the dash board. This was warning enough for both gentlemen, who jumped from the vehicle. The colt, after kicking the cart to pieces and breaking the harness was finally corralled in a neighboring yard.

FOUR FROM JANESVILLE ARE ON THE PROGRAM.

F. A. Spoon and Misses Harrington, Pabst and Shattuck Are Named—Delegates Leave Tomorrow, Some Taking the 1:15 Train Friday Morning—Elaborate Plans Made.

Evansville, Wis., Oct. 2.—The Wisconsin Equal Suffrage convention was opened last evening by an address of welcome by Miss Marilla Andrews, editor of The Badger, and a response by Mrs. Nellie Mann Opdale, of Racine. The address of the evening was delivered by Mrs. Carrie Chapman Catt, of New York, and was an able, logical argument. She said that immigration since 1860 has constantly deteriorated, and that politics were largely controlled by the "lower classes from foreign nations; that the poorer the immigrants, the fewer women come in proportion, hence that for every bad male voter amongst the immigrants, there would not be a bad woman voter; that every fallen woman was offset by twelve fallen men, hence the good woman voters would counterbalance the bad in both sexes. She advocated that all women of ill-fame, also all men of similar disrepute be disfranchised. She said that office seekers catered to their constituents, and were pure women in politics, politicians would bid for their support by upholding right measures and men. She pointed to Wyoming to show the practical test of female suffrage, and said that in no single instance had it worked ill.

Old But Good.

"Uncle Tom's Cabin" never grows old. There runs through it a vein of pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like the prism the innermost phases of the human emotion. It is more than a play. It is a moral classic. It argues for two of the greatest themes that can engage the mind; human liberty and immortality of the soul. Notwithstanding its frequent production, it is seldom that one sees the play as it is now presented by the Cook Twin Sisters colossal spectacular company.

Mr. and Mrs. Taber will present "Romeo and Juliet" at the opera house this evening.

We Always Do as We Advertise.

Don't forget that Rosenfeld's overcoat department is the place to look at and learn their prices. Our overcoat sales to date have been very large. We fit you on an overcoat for a five dollar bill, just as good as for \$20, and will say don't forget our prices as advertised a good many times in the papers; \$2.50 buys a man's ulster, 52 inches long; \$5 buys a man's overcoat, all-wool, cut in the right shape. If every word we advertise we don't carry out to the letter, bring any judge of goods you may want to look, examine them carefully, we will present you with the finest overcoat in the house free or charge. Talk is cheap in newspapers, but facts that can be substantiated is what the public want and demand and Rosenfeld on the bridge, the merchant tailor ready made clothier, is the man that does these things. TO PURIFY POLITICS BY EQUAL SUFFRAGE

MRS. CATT'S ADDRESS AT THE EVANSVILLE MEETING.

The Pure Women Would Offset All the Fallen Women and the Fallen Men Too, She Argued—Vicious Classes Should Be Disfranchised—Other News of the County.

Janesville delegates to the state Christian Endeavor convention in La Crosse leave tomorrow. Miss Nettie Harrington and one or two others will go on the 1:15 train Friday morning. A special train will bring the delegates home, leaving La Crosse Sunday at midnight, but it proved impossible to get a special train from here to the convention.

Miss Nettie E. Harrington, Miss Selma Pabst, Angie Shattuck and F. A. Spoon are Janesville people whose names appear on the programme. Miss Harrington's address on "The Junior Work" comes Friday evening, and she will also conduct a junior rally Sunday afternoon at 2:30. Juniors from all parts of the state will be present. The program presents much of novelty. The noon evangelistic meetings to be held in shops and factories are a new feature. It is also a change pining the consecration meeting at 9:10 Sunday morning instead of at the close of the convention Sunday evening.

Well Known Men From the East.

Rev. George B. Merrill, of Minneapolis, who leads the bible training class, is considered one of the best bible class leaders in the country. Rev. Henry Faville takes a prominent part in the convention's work, and some of the most prominent men from the other states who will be present are General Secretary John Willis Baer, of Boston; State Secretary Holbrook, of St. Paul; William J. Patterson, D. D., New York; Hon. A. M. Haswell, and S. L. Mereson, Chicago.

Altogether a splendid programme has been arranged, and as railroad rates are low and accommodations convenient and inexpensive the attendance promises to be large.

Small Charge For Lodgings.

Entertainment will be furnished in private houses or at hotels as preferred. One price will be made for board and lodging in all private homes, viz: twenty-five cents a meal and twenty-five cents per night for lodging. Those who wish can be accommodated at hotels.

All sessions will be held in the elegant La Crosse theatre where nearly two thousand can be seated. Two blocks from the theatre is the new hall of the Y. M. C. A. building where any necessary overflow meetings can be held.

"Let parents not live for their children, but with them." The mother should allow no false modesty to stand in the way of her daughter's knowledge of herself, of her possibilities, of her perils.
For over thirty years Dr. Pierce has used his "Favorite Prescription" as a strengthener, a purifier, a regulator. It works directly upon the delicate, distinctly feminine organs, in a natural, soothing way. It searches out the weak spots and builds them up. A woman who would understand herself should send 21 cents to the World's Dispensary, Buffalo, N. Y., for Dr. Pierce's Medical Adviser, a book of 1008 pages.

MERITED REWARD. SALES OF LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Unequaled in the History of Medicine. Honesty, Excellence, Faithfulness Fully Rewarded.

(SPECIAL TO OUR LADY READERS.)

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound and never in the history of Mrs. Pinkham's Compound has the demand for it been so great as it is today.

From Maine to California,

from the Gulf to the St. Lawrence, come the glad tidings of woman's suffering relieved by it; and thousands upon thousands of letters are pouring in from grateful women, saying that it WILL and DOES positively cure those painful

Ailments of Women.

It will cure the worst forms of female complaints, all ovarian troubles, inflammation and ulceration, falling and displacements of the womb, and consequent spinal weakness, and is peculiarly adapted to the change of life.

Every time it will cure

Backache.

It has cured more cases of leucorrhoea by removing the cause, than any remedy the world has ever known; it is almost infallible in such cases. It dissolves and expels tumors from the uterus in an early stage of development, and checks any tendency to cancerous humors.

Lydia E. Pinkham's Liver Pills work in unison with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sanative Wash is frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms, Liquid, Pills, and Lozenges.

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., second-class matter.

GOLD FEVER AT ITS HEIGHT

With all their prudence and conservatism the English lead the world in the way they rush into extraordinary or illegitimate forms of speculation.

There is no more inviting field in the world than London for the man with some new kind of a boom and a plausible way of presenting its alleged advantages. The capitalists of that city, as well as the smaller seekers of fortune, are always ready to listen to fairy stories that are well told, and to buy shares in enterprises that are skillfully advertised. Just now they are falling over one another, as the saying is, in their anxiety to purchase African mining stocks.

Shares in mines about which there can not possibly be any really reliable information have been sold at an advance of ten, fifteen and twenty per cent in a few weeks; and one case is mentioned where the shares of a group of eight companies increased by an average of more than 110 per cent in three months.

There is nothing to show that these stocks represent gold producing mines. Many of them are inflated and fictitious, and will prove to be a sad disappointment to those who are expecting to be made wealthy by them. When the South African crash comes it will be a big one and will divert capital again into legitimate channels.

It is natural Mr. Cleveland should put fourth-class postmasters under civil service protection. He appointed 15,000 democrats to fourth-class post offices in the year ending June 30, 1895, and wants them to hang on as long as possible.

Senator Gorman's deal, by which he gave certain corporations what they wanted in his tariff bill, they to give him pecuniary aid in political matters in return, is not helping him as he had expected. Newspaper publicity has lessened its value.

Brazil has landed troops on King Harden-Hickey's island of Trinidad and the king's standing army—consisting of Henry Cary, a modest Chicago newspaper man—is under arms ready to move at a moment's notice.

Allen W. Thurman—with more brains than dollars, to be sure, but nevertheless quite a man—is making trouble for Calvin B. Brice in Ohio. He hates to bow to the Brice rule, that money measures statesmanship.

Why should the stockyards water cases be settled out of court? Courts are made to punish rascals and greater rascality than that in Chicago's odorous suburb has not been unearthed this year.

A South Carolina governor has lengthened the time between drinks, and a Texas governor has declared against prize fighting! What becomes of our sacred traditions?

When Cuba got up a little bush-whacking rebellion thirty years ago, it took Spain ten years to subdue it. Spain is weaker now and the Cubans are stronger.

Look out for Mr. Shoddy Shoe. He will tramp your way soon. He is the old green goods man with a new name. Lots of people are acquainted with his royal rags. We bar our door against him. You will never find the old cuss in our store. Brown Bros. & Lincoln.

ON account of the great rush today M. A. Morrissey & Co. will continue their opening Thursday and Friday and will be pleased to see the ladies. Ladies should bear in mind that our stock is fresh, clean and new and our aim is to please those who favor us with their patronage.

This gives Miss O'Neil the assistance of three trimmers and insures prompt attention to all orders. Archie Reid & Company.

Our fall line of shoes contains many pretty styles and lasts. In fact, they are as good as we have ever had for the season and the best part of it is we don't ask you to pay for the name we have established, every transaction is purely business with us, your money's worth always. Brown Bros. & Lincoln.

You need not tell us what you want, but you will be shown these goods without asking for them. If we don't do and fill every promise we agree to do, the best overcoat in the house is yours free. Rosenfeld on the bridge.

Millinery Window a Drawing Card.

Probably the prettiest window in town is the center one of Archie Reid & Co's. dry goods store which displays a most beautiful line of the latest millinery novelties including a number of gems in the way of pattern hats. The display reflects great credit upon the ladies of the millinery room, although but a small proportion of the many new ideas in artistic headwear to be seen in the millinery department are shown. Always displaying the most excellent styles, coupled with the popular prices for which this store is famed argue much for the splendid success of the department.

PREVENTION OF DISEASE.

Keep the Stomach Right.

It is surprising what a safeguard a healthy stomach is against disease. And again it is not surprising when it is remembered that the only way we get pure blood, strong nerves and firm flesh is from wholesome food, well digested. It is the half digested food that causes the mischief. When the stomach is weak, slow, inactive the food lies in the stomach for hours, fermenting, forming gases which poison the blood and the whole system, causing headache, pains in the back, shoulders blades and chest, loss of appetite, palpitation, biliousness.

The safest cure for indigestion is Stuart's Dyspepsia Tablets, composed of vegetable essence, fruit salts, pure pepto and Golden Seal. Dissolve one or two of these tablets in the mouth after each meal. They are pleasant tasting and mingling with the food so assist the weak stomach that the food is perfectly digested before it has time to ferment.

Stuart's Dyspepsia Tablets cure indigestion and increase flesh because they digest fresh forming foods like meat, eggs, etc.

Sold by druggists at 50 cents per package. Absolutely safe and harmless.

J. CRALL SETTLES UP THE TRESPASS CASE

ACTION WAS DROPPED ON PAYMENT OF THE COSTS.

Defendant Wants to Meet Ex-Sheriff Bear "When He Has No Star On"—Mrs. Brosnan Acquitted of Breaking Glass—Bolivar Ryan Takes An Appeal to the Circuit Court.

"I'll meet you sometime when you do not have a star on," declared Joshua Crall as he eyed Ex-Sheriff J. L. Bear this morning.

"Then I'll wear two stars all the time," replied the ex-sheriff.

"You're a farmer!"

"I'll make you see stars!"

"You just came from the country and you want to run things."

"You're a daisy!"

"Gentlemen, the costs are \$5.87," said Clerk Williams, interrupting the argument, and then the smoke of the battle cleared away.

This scene took place in the municipal court this morning, when the case against Crall was called. Crall was charged with unlawfully entering the fair grounds during the fair and it had been agreed to dismiss the case against him on his paying the costs.

Mr. Crall was quite angry, and unburdened his mind quite freely, much to the amusement of the spectators. Ex-Sheriff Bear, it will be remembered, was the chief of police at the fair and directed Officer Mable to collect the gate money from Crall, thus causing the trouble and the present case. Crall paid the \$5.87, and the action thereupon terminated. W. G. Wheeler was Crall's attorney, while C. E. Pierce prosecuted the case.

Mrs. Brosnan Goes Free.

Mrs. Julia Brosnan was the defendant in a case tried before Judge Phelps yesterday afternoon, she being charged with mutilating a building, to wit, by breaking a pan of glass therein.

The complaint was made by Mrs. Brosnan, mother-in-law of the defendant, but after hearing the testimony Judge Phelps acquitted the defendant. District Attorney Jackson appeared for the state and H. S. Sloan for the defense.

Judge Phelps will not try Patrick Ryan, alias "Boliver" who is charged with resisting a Beloit police officer. Ryan's attorney, J. J. Cunningham, this morning applied for a change of venue to the circuit court, and it was granted.

The arrests and convictions before the municipal court for the month of September, 1895, were nearly double those of the same month last year. Clerk Williams figured it up this morning and says that nineteen arrests were made during the month a year ago and there were twelve convictions; while during the past month there have been forty-five arrests and thirty-three convictions.

SAND the sugar, water the vinegar, and then come into prayers. That's what a certain merchant told his new clerk. That might work in some lines O. K., but we are in doubt if selling shoes on that base would be a successful venture. The prayers might pay well for the investment but the increased profit on the sugar could hardly be counted. We try to merit your patronage by a square deal only. Brown Bros. & Lincoln.

FALL RACE MEET IS DECLARED OFF

NO TROTTING CONTESTS TO BE SEEN NEXT WEEK.

While the Entry List Was Large, Some of the Classes Did Not Fill, and the Managers Feared the Cold Weather Would Curtail the Gateage.

Janesville will not have a race meeting next week.

It was all right to talk about sitting on the grand stand a week ago.

But now—

Well, it wouldn't be quite so enjoyable.

So the meeting that was to have been held next week has been postponed. The entries closed Saturday night, and as the conditions were very liberal and \$7,000 was to have been put up in purses, the entry was quite a large one. Some classes, however, did not fill, and as the weather turned from summer to fall in one fell swoop, the managers decided to declare the meeting off and rest on the well earned reputation of having given about the best week's racing, all in all, yet seen in the country this year.

"Some of the classes did not fill," said Secretary McKinney this noon, "and while we got a good entry in the others, we were afraid that the cold weather would curtail the gateage, so we decided to declare all events off."

THICK SMOKE CAUSES AN ALARM

Chimney in Miss Clark's Millinery Rooms Clogged Up.

While a crowd of men were standing at the Myers house corner at 9:30 this morning, one of them noticed smoke issuing from the second floor of the Lappin block, coming from the millinery establishment of Miss Kate Clark. J. M. Nelson made for the east side engine house, where an alarm was turned in, but upon investigation it was found that Miss Clark had just started a fire and the smoke from the burning papers had been coming into the room instead of going out of the chimney. The fire was clogged up, Miss Clark thought, with fallen bricks.

A Blessing with a vengeance.

A man who always borrowed the paper and who brought a chair with him to church in order to avoid paying pew rent invited the editor and the preacher to dine with him. There was nothing on the table but bacon and greens.

"Will you ask a blessing, parson?" said the host.

"I will," exclaimed the preacher, with energy. "Lord, make us thankful for what we are about to receive, and when we have received it give us strength to reach home safely with our appetites!"—Chicago Times-Herald.

Almost a Hint.

A little boy was told that he must never ask for anything at the table, as it was not good manners to do so. The consequence was that he was frequently overlooked. One day his father said:

"Johnny, get me a clean plate for my lettuce."

"Take mine, pa; it's clean," and he added, with a sigh: "There hasn't been anything put on it yet."—Texas Sittings.

Playing on the Ruins.

"These firemen must be a frivolous set," said Mr. Spillkins, who was reading a paper.

"Why so?"

"I read in the paper that after a fire was under control, the firemen played all night on the ruins. Why didn't they go home and go to bed like sensible men, instead of romping about like children?"—Texas Sittings.

When One's Wife Is Away.

Mrs. Doreas—When you returned from the country I suppose you found the place all upset. It's always that way when a man is left to keep house.

Mrs. Colwigger—Yes, my dear; the litter was terrible. The only place that was cleaned up was the wine-cellar.—Judge.

One Thing Lacking.

"I wish we were rich, John, and could do something for the world," Mrs. B. remarked half devoutly, half impatiently.

"But, my dear," he replied, "we can do good in a quiet way now."

"Yes, but no one will ever hear of it."—Chicago Times-Herald.

Beware of Counterfeiters

Who infest the market and are the means of robbing sick people of their money, and what is of still greater consequence of not unfrequently aggravating the complaints under which they labor. It is an act of duty we owe to society to warn the people against these dangerous frauds. A little care on the part of the purchaser will protect them from imposition by bearing in mind these facts: Never buy where it is offered in bulk (in kegs or jugs) as the genuine Hostetter's Stomach Bitters are sold only in bottles having the handsome steel plate label displaying the combat between St. George and the Dragon, and having at the bottom a miniature of the signature of the president of the company. Over the cork is a metallic cap, on which is impressed the name of the article, together with a medallion head in the center. Any person selling the counterfeit Hostetter's Stomach Bitters we shall not hesitate to bring to justice, as we never fail to convict.

Suspicious Praise.

"A good wife is Heaven's greatest gift to man and the rarest gem the earth holds!" remarked Mr. Jarphly the other morning.

He continued:
"She is his joy, his inspiration and his very soul."

He seemed to be thoroughly in sympathy with his subject. He added:

"Through her he learns to reach the pure and the true, and her loving hands lead him softly over the rough places!"

That he had not yet exhausted himself was evident, for he began again:

"She is—"

"Jeremiah!" said Mrs. Jarphly, solemnly—"Jeremiah, what mischief have you been up to now?"—Philadelphia Item.

Biblical Piano Playing.

Miss Fosdick—Blanche Trivett plays the piano on the Scriptural plan.

Miss Gaskett—I never heard of the Scriptural plan of piano playing. What do you mean?

Miss Fosdick—She never lets her left hand know what her right hand is doing.—Judge.

An Unkind Remark.

"Your quiet, easy indifference," said Mrs. Walkingbeam to her spouse, "aggravates me to such a degree that I am half dead with anger."

"Ah, my dear," replied Mr. W.—, "let me give you a pointer about that."

"What is it?" snapped Mrs. W.—.

"No one should ever do things by halves."—Texas Siftings.

Not on the Market.

"So you met the English lord?"

"Yes."

"And he has shown you marked attention?"

"Yes, he danced twice with me."

"Then why so sad and dejected?"

"I have just learned his lordship is quite wealthy."—Brooklyn Life.

Honors Easy.

"I suppose you feel honored by having a nobleman for a son-in-law?"

"No, I think I have been doing most of the honoring."

"How is that?"

"I have honored five of his drafts in ten days."—Town Topics.

Rejected Friendship.

"Isn't the humorous editor a friend of yours?"

"Well, yes, but I don't think much of him."

"Why not?"

"He won't take a joke."—N. Y. Journal.

Triggs—What is your plan of life now you are divorced?

Briggs—Installment plan.

Triggs—Installment plan! How's that?

Briggs—I have to pay so much a week.—N. Y. World.

Woman—I want to buy a book for a little Boston boy. Have you anything you can recommend?

Clerk—Yes, ma'am. We have just received "Jack and the Bean-stalk" in words of five syllables.—Judge.

MERCURIAL POISON

is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The common result is

RHEUMATISM

for which SSS is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of

SSS I improved rapidly and am now a well man, completely cured. I can heartily recommend it to any one suffering from this painful disease. W. F. DALEY, Brooklyn Elevated R. R.

Weather.

Probably you have said the same thing these past few days, and in thinking of Cloaks you no doubt have let your thoughts run in the direction of this store, where everything that's up to date in the garment line is to be seen first, and as we own every coat we show, we are a little better prepared to name prices than would be the case were the garments consigned. Every buyer thinks he is a little better posted than the other fellow, and as long as he rests easy in this belief he is probably satisfied; but we have reason to believe that in buying Cloaks we have an inside track, for if you don't know it yourself just ask your neighbor and she will probably tell you that when she wants to see Janesville's representative line of Cloaks she goes to Archie Reid's, and she will also tell you that she can always save money by so doing. There must be reasons for this, and we know what they are. Come in and we will let you into the secret. RELIABLE . COMMUNICATIONS !

Fall and Winter Announcement of Shoes and Footwear

was made for the first time this season, in the Gazette of last evening. The idea we would carry in all of our advertising matter is thorough reliability in every statement we make. The goods we speak of will be of the highest grade material and yet at prices that will be right to the customer in every respect. The A. Richardson Shoe Co., has a reputation as reliable dealers in Shoes, that dates back many years. What we wish to do is to reach a higher pinnacle in the shoe business of this vicinity and to accomplish this end, must necessarily heighten the quality of stock and cheapen the price to the purchaser, to an extent that will not only bring us his trade but also that of his friends. We will aim to carry the **latest patterns and styles** in Shoes. Our fall stock has commenced to arrive and within the next few days will all be here. **In ladies' shoes** we will have a large variety of welts, turns and McKays patterns in lace and button. The material in these goods will be the finest quality of kid, calf skin, etc. We will make a particularly strong drive on **\$2.50 and \$3.00 shoes**, in which we shall show more new styles and elegance than has ever been brought to the city before. **In men's shoes** we will make a big showing in patent leather, French enamel cordovans and calf skins. **A new thing** we are introducing this season is a box calf with a heavy extended sole and razor toe. The prices on our men's shoes range from \$1.50 to \$7.00, and in all prices we show the latest styles. Our **\$3 shoe is a world-beater**, made up with razor toe, in fine calf skin. **In boys', misses, and infants' Shoes** the lines are nobby and stylish, with attractive prices. We are after trade and know that reliable goods, sold at close prices, will accomplish this end.
